

Hello,

Thank you for your interest in the ICP Quality Assurance Provider Credentialing Programme!

The ICP H2020 project is coming to an end. From now on, ICP Trainings on building Protocols will be online, self-paced trainings available on GBCI's platform for a fee. Once these new Trainings are available we will let you know how to take them and become an ICP Quality Assurance Provider.

If you are interested in Trainings for ICP in Industry, Street Lighting or District Energy, which is part of a new H2020 project, please wait for the announcement of the first Training sessions in 2018.

Sincerely,

The ICP Team
